MAGICNEST JUNIOR, mainly designed for small size cutting machines, is an intuitive and easy-to-use CAD software that integrates 2D design tools. It can be used on desktop and laptop computers running Windows. The application allows you to create parts to be made on milling machines, CNC machines, lathes, CNC machines or CNC machines.

Thanks to this, you will be able to create parts that are both durable and aesthetically pleasing. It contains built-in analysis, design and 3D printing tools so you don't need to download any additional software to use it.
