Instead of wasting time copying files one by one, use this simple tool. The interface is easy to use, and there are plenty of helpful tools that make your work easier and faster. This application is protected with a license key, so the Dabel File Mover can be used for free. This is a small, lightweight application, which doesn't leave any traces in the Windows Registry, so you don't need to uninstall it after you have finished using it. This utility was tested on Windows XP and Windows 7. Dabel File Mover 7.7.0.0 We tested Dabel File Mover to be sure that it runs on your version of windows. If running on Windows 10 or any other operating system, this tool may not work correctly. Dabel File Mover is a lightweight application developed to give you a hand when it comes to moving folders from one location to another. Since this is a portable program, it is important to mention that it doesn't leave any traces in the Windows Registry. You can copy it on any USB flash drive or other devices, and take it with you whenever you need to move directories on the breeze, without having to go through installation steps. Dabel File Mover sports a clean and intuitive layout that allows you to perform most operations with minimum effort. The tool gives you the possibility to specify the file source location and destination using the built-in browse button, so you cannot rely on the "drag and drop" support. What's more, the program offers support for batch processing but the moving process of multiple directories is limited to five operations, which can be performed simultaneously. Since it doesn't require much computer knowledge to work with this tool, even rookies can learn to configure the dedicated parameters with just a few clicks. During our testing we have noticed that Dabel File Mover carries out the moving process very quickly and without errors throughout the entire process. It leaves a minimal footprint on system resources, so it doesn't hamper computer performance, nor interfere with programs' functionality. All things considered, Dabel File Mover proves
